

GOING FOR GOLD

OAKEVE INTERIOR DESIGN JUDGED AS WORLD CLASS

There aren't many interior design companies that can claim to be 'world class', but Beaconsfield Old Town-based Oakeve Interiors recently had such an accolade bestowed upon them by the International Property Awards judging panel.

Initially recognised at the UK Residential Property awards, Oakeve claimed a thrilling victory in the categories of Best Interior Design Show Home and Best Property Single Unit for the UK, where the company took two of the five possible accolades in their field.

IN A CLASS OF ITS OWN...

Oakeve was then put forward to represent the whole of the UK at the International Property Awards where they were voted 'World's Best Interior Design' for their stunning Gerrards Cross' show home. The company's

activity has since grown from strength to strength due to the award publicity surrounding their winning show home designs and they are well on their way to becoming an industry-wide recognised interior design name.

INTERNATIONAL PROMINENCE...

Since their beginning, the company have risen to become a leader in their field, renowned for their uber chic, luxurious and elegant designs. This recent international recognition has taken the interior design company to an entirely new level, as Iona Newton, Managing Director, explains:

"This award has given us prominence as a real contender in an International playing field. We are now being approached for commissions on both a local basis, but also further afield. Having

already provided whole house styling for overseas clients including the Algarve, we are currently engaged on projects from super-prime Central London to Sandbanks in the UK and Portugal and Spain in Europe."
